Dynamic Learning Maps (DLM) – Alternate Proficiency Assessment

The Dynamic Learning Maps (DLM) is an adaptive computer-based assessment that will be administered to the one percent of students with the most significant cognitive impairments. The Assessment is aligned to the Common Core State Standards and students will be administered the test in English Language Arts and Mathematics in grades 3-8 and 11. Below is the testing window in which the summative assessment will need to be administered. However, schools will create their own testing schedule based on their technology capabilities and school calendars. Further guidance for schools regarding scheduling within the testing window will be forthcoming. Students in grades 4, 8 and high school will also need to be administered the Alternate Proficiency Assessment in Science using the portfolio-based assessment.
