

TOWNSHIP OF UNION PUBLIC SCHOOLS

Psychology

July 21, 2020

Mission Statement

The mission of the Township of Union Public Schools is to build on the foundations of honesty, excellence, integrity, strong family, and community partnerships. We promote a supportive learning environment where every student is challenged, inspired, empowered, and respected as diverse learners. Through cultivation of students' intellectual curiosity, skills and knowledge, our students can achieve academically and socially, and contribute as responsible and productive citizens of our global community.

Philosophy Statement

The Township of Union Public School District, as a societal agency, reflects democratic ideals and concepts through its educational practices. It is the belief of the Board of Education that a primary function of the Township of Union Public School System is to formulate a learning climate conducive to the needs of all students in general, providing therein for individual differences. The school operates as a partner with the home and community.

Course Description

Psychology has been designed to provide students with an introductory overview of the field of psychology. The course is designed to introduce students to the scientific study of human and animal behavior with an emphasis on empirical data. The curriculum covers the major fields and subfields of psychology in a manner that is consistent with an introductory college course. The curriculum is designed to match the National Standards for The Teaching of Psychology published by the College Board. Students are expected to complete all assignments on time and to present only the finest examples of their work.
