

TOWNSHIP OF UNION PUBLIC SCHOOLS

Computer Applications I June 2021

Mission Statement

The mission of the Township of Union Public Schools is to build on the foundations of honesty, excellence, integrity, strong family, and community partnerships. We promote a supportive learning environment where every student is challenged, inspired, empowered, and respected as diverse learners. Through cultivation of students' intellectual curiosity, skills and knowledge, our students can achieve academically and socially, and contribute as responsible and productive citizens of our global community.

Philosophy Statement

The Township of Union Public School District, as a societal agency, reflects democratic ideals and concepts through its educational practices. It is the belief of the Board of Education that a primary function of the Township of Union Public School System is to formulate a learning climate conducive to the needs of all students in general, providing therein for individual differences. The school operates as a partner with the home and community.

Course Description

This course provides a “hands on” experience using integrated software Microsoft Office 2016, which allows students to develop an understanding of the computer’s capabilities for business operations and school. PC keyboarding mastery continues to be developed. This course teaches the fundamentals of an integrated software package, exposes students to practical examples of the computer as a useful tool, and acquaints students with the proper procedures to create documents, workbooks, and presentations suitable for course work, professional purposes, and personal use. The Internet will be used as a research tool. Students’ use of the PC supports an interdisciplinary approach to learning through application in other curricular areas. “Office-style” atmosphere is simulated.
