Terri Matthews – Pre-K – 2 Math/Science Supervisor (908) 851-4416

June 2014

Dear Parents/Guardians,

Kindergarten is an exciting learning time for your child. Attached you will find a summer activity to help your child prepare for school in September.

The ideas on the attached BINGO board were developed with many skills in mind including fine motor/gross motor, reading, math, and language. We encourage you to work with your child to complete the activities and have your child color the boxes for each activity they complete. Also, please attach any written or drawing activities as necessary.

If your child completes at least one BINGO row (5 boxes), they will receive a certificate from their teacher in September. If your child completes the entire BINGO board, they will receive a prize in addition to the certificate. All completed activities must be returned to your child's teacher by Friday, September 12, 2014.

The grade level BINGO boards will also be posted on the district's website. Additional paper copies will be available at your child's school through the month of June and at the Board of Education building during the summer.

If you have any questions or concerns, please reach out to either of us. In addition, below is a list of helpful websites to use with your child at home to prepare them for the coming school year:

www.fun4thebrain.com

www.ixl.com

www.funbrain.com

Thank you,

Maureen Corbett and Terri Matthews

Directions: Color in each box after you have completed the activity with an adult. Return this completed Bingo card to your teacher by September 12, 2014. Show your work and attach it to this card.

BINGO 2014 Entering Kindergarten

I read a funny book with an adult.	I showed the numbers 1 to 10 using pennies, buttons, cereal, etc...	I built shapes using toothpicks and marshmallows.	I wrote the numbers 1-10.	I named five items that began with the same sound as sun.
I practiced saying the days of the week.	I wrote my first name.	I named three words that rhyme with 'cat'.	I went for a walk and then drew five things I remembered seeing.	I drew a picture of myself playing.
I traced my hand with a pencil.	I counted the windows in my house.	I drew a circle, square, triangle, and oval. I colored them neatly.	I named three words that rhyme with dog.	I counted to 20.
I named four things taller than me.	I read a book with animals in it.	I practiced cutting lines using writing paper.	I practiced tying my shoes.	I found pictures of people in a magazine, cut them out, and glued them to a piece of paper.
I practiced saying my phone number.	I counted backwards from 10 to 0.	I counted by two's to ten.	I read a book with an adult. I retold the beginning, middle, and end.	I sorted objects by color such as Skittles, Fruit Loops, etc..
