

SUMMER RECOMMENDED READING LIST

Kindergarten – Grade 2

By having your child continue reading throughout the summer, you will help develop life-long reading habits and also help maintain literacy skills that have been taught during the school year. The following are ways you can help your child maintain reading habits during the summer months:

- Let your child choose the books to read. Encourage a variety of both fiction and non-fiction reading.
- Visit the public library. The books listed below can be found at the Union Public Library.
- Read to your child. Sit next to them so they can see the pictures in the book too.
- While talking with your child, introduce higher level words to help build your child's vocabulary.

All of the books on this list are offered as recommendations but are not intended to be all-inclusive. As always, parents are encouraged to seek out additional titles based on the interests and reading level of your child. **All of the books on this list can be used in conjunction with the activities on the summer BINGO board.**
