Terri Matthews: K - Grade 4 Supervisor Math/Science**

June 2019

Dear Parents/Guardians,

First grade is an important and exciting learning time for your child. Attached you will find a summer activity to help your child prepare for school in September.

The ideas on the BINGO board were developed to focus on math and literacy skills used in grade one. Continued practice of these skills over the summer months will strengthen gains made during the school year. We encourage you to work with your child to complete the activities and have your child color the boxes for each activity they complete. Also, please attach any written or drawing activities as necessary.

You are also receiving a recommended reading list for Kindergarten through Grade 2. These books can be used in conjunction with any of the literacy activities on the BINGO card.

If your child completes at least one BINGO row (5 boxes), they will receive a certificate from their teacher in September. If your child completes the entire BINGO board, they will receive a prize in addition to the certificate. All completed activities must be returned to your child's teacher by Monday, September 9, 2019.

The grade level BINGO boards will also be posted on the district's website.

If you have any questions or concerns, please contact us. In addition, please encourage your child to use the i-Ready computer program at home to reinforce reading and math skills throughout the summer.

Thank you,

Maureen Corbett and Terri Matthews
