

Township of Union Public Schools 2015-2016

HIB Self-Assessment Score

The State requires all schools to complete an annual HIB self-assessment. This assessment grades each public school and the school district's efforts to implement the Anti-Bullying Bill of Rights Act (ABR).

Under the Commissioner's Program, the school grade is a raw score of data and the sum of the ratings for all indicators within each core element on the School Self-Assessment (ex: 65 of 78 points). The maximum total score for a school is 78 points. A minimum score of 50 is needed in order to meet all necessary requirements. The school district's grade is an average of the total scores of all schools in the school district.
