

Policy

DISTRIBUTION OF MATERIALS BY STUDENTS AND STAFF

Material being sent home with students should relate to school matters or student-related community activities. Except when it pertains to the individual student, all such material must be approved in advance by the superintendent/designee.

There is no district obligation to distribute or post any community group materials.

The determination of the superintendent will be viewpoint-neutral in order to provide equal access to "limited public forums" including bulletin boards for notices, tables at back-to-school nights, or hand-outs to students.

Students shall not be used to distribute partisan materials or partisan information pertaining to a school or general election, budget or bond issue, or negotiations. Students shall not be exploited for the benefit of any individual, group, or profit-making organization.

No staff member may distribute any materials on school property without prior approval of the superintendent. Materials will clearly indicate their source. Non-school-related materials will be plainly labeled, including an express disclaimer that the activity is "not a school-sponsored activity." Flyers and parental permission slips will be subject to the same review and standards.

All surveys, questionnaires or other similar items requiring student or parent/guardian response shall be reviewed and approved by the superintendent prior to distribution. The superintendent shall solicit written permission from parents/guardians before students participate in surveys or research that requests personal information as set out in state and federal law.
