

Policy

SOLICITING FUNDS FROM AND BY SCHOOL PERSONNEL

No person or organization may solicit funds on school property without prior permission from the superintendent.

No staff member, unless authorized by the superintendent, shall permit the subscription or collection of money on school premises, allow any article to be exhibited for the purpose of sale, or permit any person to enter the school for the purpose of transacting private business. Special appeals in the classroom for charitable relief shall be permitted at the discretion of the superintendent and in accordance with board policy.

Funds raised by district-sponsored or school-sponsored activities are to be deposited in the proper district accounts.

Funds solicited by organizations not sponsored by the district are not to be deposited in any regular or special accounts of the district. The board disclaims all responsibility for the protection of or accounting for such funds.

Permission to solicit funds will be granted only to those organizations or individuals whose purposes are consistent with the goals of this district and the interests of the community. The superintendent shall specify when, where and how solicitation may take place. He/she shall ensure this does not interfere with the orderly operation of the educational program.

Students shall not solicit contributions of any kind for school-related activities without prior approval of the superintendent, or his designee.

The schools, as part of the community, will participate in fund drives as approved by the Board.
