

Policy

SCHOOL FOOD SERVICE PROGRAM ARREARS

The school food service program shall make a nutritionally adequate food service (breakfast and/or lunch) available to every student and shall operate on the most economically feasible basis. It shall be operated in strict compliance with all laws and regulations pertaining to health; sanitation and safety; internal accounting; employment practices; nutritional standards; costs of food services; periodic reporting required by New Jersey law; the School Breakfast Program; National School Lunch Program; and the Special Milk Program.

The board of education believes that regularly consumed nutrition helps maintain the students' energy and facilitates concentration, supporting student achievement (see board policy 3542.1 Wellness and Nutrition). Therefore, it is the expectation of the board that students with the assistance of their parents/guardians come prepared for school each day with breakfast/lunch/milk money. Students repeatedly forgetting their breakfast or lunch money may be subject to consequences including a parent/guardian conference, and/or loss of privileges, and/or detention if the failure to bring money to school is determined to be a violation of the school code of student conduct.

Qualified students whose families have a financial hardship may apply for assistance according to policy 3542.31 Free or Reduced Price Lunches. The procedures for the administration of the free and reduced priced breakfast and lunch will be the same as those prescribed in current state and federal laws and regulations.

The board shall strive to make affordable food services available to all students. Students who do not qualify for free or reduced price food services or milk may receive school breakfast, lunch and milk through the school food service program for a fee that is approved by the board. Any student who has a hardship but does not qualify for free and reduced price lunches or milk, may be considered for other assistance on a case-by-case basis.

The purchase of food services through the school program shall be optional and shall not prevent any student from bringing their own breakfast or lunch to school.

The school business administrator shall be responsible for the accounting and tracking of revenues and expenses generated by the school food service program. The principal or his or her designee shall oversee the notification of parents/guardians for the payment of charges and arrears associated with the school food service program. Being in arrears shall be defined as being behind in food service payments due resulting in a debt or liability to the district.

Procedures for Charging for Breakfast and Lunch

In the event a student's school breakfast or lunch account is in arrears, the principal or his or her designee shall contact the student's parent/guardian to provide notice of the amount in arrears and shall provide the parent/guardian a period of ten (10) school days to pay the full amount due. If the student's parent/guardian does not make full payment to the school by the end of the ten (10) school days, the principal or his or her designee shall again contact the student's parent/guardian to provide a second notice that their child's breakfast or lunch account is in arrears. If payment in full is not made within one (1) week from the date of the second notice, the student may not be served school breakfast or lunch, as applicable, beginning the eighth calendar day from the date of the second notice (N.J.S.A. 18A:33-21).

The building principal or his or her designee shall implement appropriate measures that ensure that students who cannot pay for school breakfast or school lunch or whose school breakfast or school lunch bill is in arrears shall not be publicly identified or stigmatized.

SCHOOL FOOD SERVICE PROGRAM ARREARS (continued)

Students without breakfast/lunch money may receive breakfast or lunch through the school food service program according to the following rules:

- C. The school business administrator or designee shall notify the principal when the student has accumulated three (3) unpaid food service charges;
- D. The principal or his or her designee shall notify parents/guardians of the breakfast and/or lunch arrears. This shall constitute the first notification in accordance with law (N.J.S.A. 18A:33-21). The notification shall include:

 - 2. The requirement that payment be made within ten school days;

When payment is not received within ten (10) school days following the first notice, the principal or his or her designee shall provide the second notification of the arrears. The second notice shall be mailed/emailed to the student and the parents/guardians and include:
 - 1. A statement that if payment in full is not made within one week from the date of the second notice, the student may not be served school breakfast or lunch, as applicable, beginning the eighth calendar day from the date of the second notice;

- F. Qualified students receiving assistance according to policy 3542.31 Free or Reduced Price Lunches who accumulate arrears shall continue to receive a food service not to exceed the reimbursable food service allowance regardless of a bill in arrears. The student shall not, however, be permitted ala carte items, or other food charges during the school day;
- G. Students found responsible for repeatedly forgetting food service money shall be considered unprepared for school and may be subject to consequences including loss of privileges and detention if the actions of the student is determined to be a violation of the school code of student conduct;
- H. A food service from a limited menu not to exceed the reimbursable food service allowance shall always be provided to students who do not have food service money. The student shall not be permitted ala carte items, or other food charges during the school day.

Restrictions related to the purchase of ala carte items or other foods that are offered as part of the school food service program shall cease upon payment of the charges in arrears.

SCHOOL FOOD SERVICE PROGRAM ARREARS (continued)Payment of Charges

The school business administrator shall be responsible for tracking and billing all breakfast and lunch accounts in arrears. The following guidelines shall apply:

- A. Charges will show a negative account balance on the student's school food service program account, and billed, at a minimum, quarterly to the parent/guardian;
- B. Payments on charges shall be brought directly to the school's main office or mailed to the school's main office;
- C. The payment shall be recorded and a receipt generated. The receipt shall be given or mailed in acknowledgement of payment received according to the established district business procedures.

The policy shall be communicated in writing at the start of the school year to the families of enrolled students and students whose families are transferring into the district. The policy may be distributed in writing, posted in the student handbook, and/or posted on the school and/or district website to meet this communication requirement.
