Taping by Members of the Public

Any member of the public is entitled to make an audio or video tape recording of a board of education meeting subject to reasonable restrictions including that the taping will minimize intrusiveness and not interrupt the proceedings. Any person wishing to audio or video tape meetings shall provide written notice of their name, address and telephone number and will consent to the board, at its own expense and upon request, to make a reproduction of the recording. Absent prior board approval, no additional artificial lighting shall be permitted. No electrical or other wiring is allowed due to the danger of entanglement and tripping. All persons recording board proceedings shall hold the board harmless and indemnify the board against all damage or injury whether to equipment, to themselves or to others. To protect privacy, there shall be no taping of closed executive sessions and no audio pick-up of private conversations occurring in the audience or between the board and its attorney. Persons taping shall not move around the room while meetings are in session and equipment, once positioned, shall not be moved during the board meeting. Unless waived by the board, no more than two portable video tape cameras, operated by not more than two persons, shall be allowed, on a first-come, first-served basis. Following the adjournment of the board's meeting, any persons responsible for taping shall immediately remove all equipment and restore the facility to the same condition it was in immediately prior to the recording equipment being set up.
