Township of Union Public Schools Code of Conduct

Introduction

The Township of Union Public Schools recognizes the excellence of its student citizens and approaches student behavior issues with a positive, proactive philosophy. An effective academic and behavioral program is one which contains preventive strategies to assist students in behaving appropriately and to avoid making mistakes. It is also a program, which provides support services for all students, with special attention to those students who may need additional help. Finally, it is a program which assigns appropriate consequences for students who choose to be uncooperative and/or unresponsive to staff direction.

Mission Statement

The mission of the Township of Union Public Schools is to build on the foundations of honesty, excellence, integrity, strong family, and community partnerships. We promote a supportive learning environment where every student is challenged, inspired, empowered, and respected as diverse learners. Through cultivation of students' intellectual curiosity, skills and knowledge, our students can achieve academically and socially, and contribute as responsible and productive citizens of our global community.

Township of Union Public School Core Values (REAL)

- **Respect** – Students giving due respect to self and others and maintaining an environment conducive to team work, academic and social growth. Respect of others includes showing tolerance, manners, cooperation and patience in any given situation.
- **Empowerment** – Empowering all students to take initiative and give their best in all that pertains to school and the community. Signs of empowerment include strength, pride, courage and spirit.
- **Accountability** – Students taking responsibility for their actions that influence their lives, peers and members of the community. Personal accountability includes ownership of ones actions and words.
- **Achievement** – Student drive and recognition of effort and the determination set forth in reaching goals.
- **Leadership** – The courage to lead by word and actions. Strong leadership includes strength of convictions, honesty and truthfulness.

We believe that this can be accomplished when:

- teachers, parents, administrators, and other adult members of the Township of Union Public School community model respectful and respectable behavior toward one another in support of our core ethical values;
- individuals acknowledge differences, demonstrate a respect for diversity, and recognize the worth of each individual;
- individuals communicate concerns and/or suggestions in an appropriate and direct manner;
- individuals utilize effective problem-solving and conflict-resolution strategies; and
- the dignity of every individual is protected and maintained.

In order for this document to be effective, the entire school community must make every effort to promote and practice its contents. This Code of Conduct will be reviewed annually by parents, students, staff, and community members. In addition, the Superintendent of Schools shall report annually on the implementation of the Student Code of Conduct will be disseminated annually to school staff, parents, and teachers in order address the changing needs of the school community. Its effectiveness rests with everyone's awareness and understanding of its purpose and its contents.

Administrators' Responsibilities

The principal must develop and implement procedures and routines to ensure that the school maintains a safe and drug-free environment. It is the principal's responsibility to make certain that the entire school environment is conducive to learning. The principal must also make sure that all students, staff, and parents are fully aware of the school rules as well as procedures and routines for maintaining student discipline and decorum. To do this, principals should:

- make available a copy of school rules and procedures to all students, staff, and parents;
- visit classroom and other areas in and around the school regularly to monitor instruction and safety of staff and students;
- respond to all serious cases of student misconduct and to student misbehavior that persists after other appropriate measures of progressive discipline utilized by staff have been exhausted;
- ensure that the parents/guardians and students are afforded the appropriate rights of due process prior to suspensions or expulsions; and
- communicate with parents/guardians using written, verbal, and/or face-to-face contact.

All school property, such as lockers, desks, etc., assigned to student is the property of the Township of Union School District. The school administrator may authorize the search of school property temporarily assigned to students. Prior to a search of said property, the student (s) involved shall be notified and given an opportunity to be present. However, where school authorities have a reasonable suspicion that the property contains materials that pose a threat to the health, welfare, or safety of students in the school, it may be searched without prior warning.

All visitors must register in the school office and state the purpose of the visit, providing photo identification prior to being admitted. The principal has the prerogative to approve, deny, or reschedule the visit for a more appropriate time. All visitors or other persons on school premises must identify themselves when requested by school personnel, including at school-sponsored activities and events. If the person does not properly identify himself or herself, or his or her purpose, the person is trespassing and the appropriate legal action will be taken.
